

Dixon Public School District 170
Starting Right: Creating the New Governance Team
May 24, 2017

Legacy Statements

What do we want the community to say about this board in 2019?

1. Did what we said we would do.
2. Involvement with the community.
3. Innovative.
4. Continuity among all schools – socially and academically.
5. Foresight to think long term with our buildings and facilities and not just the next few years.
6. High academic expectations and growth in programs.
7. To be the board that became proactive vs. reactive in the public's and our own view.
8. Return the Pride in DPS – see excellence, define excellence, provide for future excellence.
